

VOL. XLIII

JAILED FOR PICKING FRIEND'S POCKET OF \$700

Jas. Monahan Accused of Getting Away With Money Belonging to W. L. Whitlock.

An hate jitney driver of Sonoma valley, whom one of the light fingered gentry tried to make the goat when W. L. Whitlock missed his \$700 bank roll last Saturday, drove the men to town and turned them over Deputy Sheriff Joe Ryan. The officer heard Whitbeck's story and straightway suspected his friend, Jas. Monahan, of relieving him of the money. Whitbeck is alleged to have had with him to close a real estate deal. Monahan professed innocence and handed over \$10, which he said was all the money he had. The deputy sheriff later searched him in the cell and found \$91 secreted in his sock. Sunday when the officer went back to further sweat the suspect he handed over a \$500 bill which he had hidden. Monahan claims it was all a misunderstanding over a realty deal in which he and Whitbeck were partners. He is in the county jail and will later have a chance to defend himself on a grand larceny charge.

MAY BOND WATMAUGH DISTRICT FOR NEW SCHOOL

The people of Watmaugh school district, confronted with an overflow of school children, and expecting a still greater attendance next term, are considering the proposition of bonding the district for a modern school building. The matter has already been taken up with County Superintendent Ballard and District Attorney Hoyle. The district has become quite thickly populated and if a new school house is not built the old one will have to be considerably enlarged.

WEST SIDE HAS PETITION IN CIRCULATION FOR HIGHWAY

Eighteen petitions are in circulation by residents of the west side of Sonoma valley urging the routing of the state highway from Santa Rosa through Glen Ellen and El Verano.

Anything electrical. Electric Service and Battery Station. At Ford Garage, Sonoma.

TAKEN UP BY OFFICER FOR QUEER ACTIONS

Joe Robustely, whose eccentric appearance on Sonoma's streets called forth considerable wonderment last week, and who later annoyed a number of young ladies, was taken up by Deputy Sheriff Ryan and will be held for observation. Love letters to imaginary sweethearts were found in Robustely's possession. Attired in a blue and gold sweater and wearing a red rose in his lapel, the character who resembled a yodeler from the Alpine country, stood around local street corners, making grimaces at passersby, particularly women. He may be examined by the lunacy board.

JOHN MOHR SECURES "THE MIDLANDERS" FOR DON

Ahead of the San Francisco booking by fully one month, John Mohr of the Don Theatre, succeeded in getting the "Midlanders" for Sonoma April 14th, 5th, and 6th. Great interest centers about this moving picture play, portions of which were filmed here in Sonoma by the Bessie Love company. The sight of familiar scenes and faces of local folks on the screen will add to the drawing power of the play, but aside from that, it is a very interesting and absorbing story. It will play Pantages in San Francisco in May.

SUPERVISORS WILL CONSIDER TWO TYPES OF PAVEMENT

Like the city trustees of Sonoma the board of supervisors are considering two types of pavement for county highway construction. The board decided to ask for bids on asphalt concrete and also for regular concrete base in a call for bids just made. The black base highway was looked into by a Sonoma delegation and highly commended for our streets.

Watch the empty space.

Mr. and Mrs. I. M. Lewin and children, of Great Falls, Montana, are visitors at the Rotenberg home at Buena Vista. They are much pleased with Sonoma valley and may locate here permanently.

St. Patrick's Day Token

We are indebted to Mr. and Mrs. Chas. Nivet for a beautiful bit of remembrance from Cork, Ireland, which came to us on St. Patrick's Day, accompanied by a sincere message that brighter days were ahead for Ireland.

COUNTY BOARD OF TRADE MEETING

Prominent Citizens Answered Call of County Clerk Felt and Discussed Organization Wednesday.

A representative delegation of Sonoma county citizens responded to the call of County Clerk W. W. Felt Jr. to attend the conference Thursday at Santa Rosa, preliminary to organizing a Sonoma County Board of Trade. Wm. F. Clew and W. L. Murphy attended from here.

Mr. Felt, in sending out his call for the meeting, "said something" when he stated that "imperial Sonoma county, with all its advantages of climate, fertile soil and unmatched scenery has been almost unheeded before the world because of the lack of a county-wide promotional organization."

In the tentative by-laws presented Thursday the outlined purposes of the Sonoma county board of trade are "to induce the immigration of a desirable class of citizens and home builders to Sonoma county; to secure the subdivision, settlement, cultivation and improvement, to the fullest degree possible, of the lands of said county; to assist in the development of the county's resources and to make its capabilities known abroad; to encourage every laudable enterprise of benefit to Sonoma county, it being understood that pecuniary profit shall not be the purpose for which the board is organized."

Members are to consist of representatives from various chambers of commerce in the county, farm centers and farm bureau directors at large.

FARM CENTER MEETING WAS VERY INTERESTING

Work of Past Year Was Reviewed and Leaders Named for Important Activities Ahead.

The regular meeting of the Sonoma Farm Center last Wednesday night, at the grammar school, was both interesting and instructive. Assistant Farm Advisor Buster presided, with Director Morris Levy. The activities of the past year along the lines of cooperative purchasing, tillage methods, good roads, fertilizers, pruning, pest control, etc., were reviewed and committees made their several reports.

Leaders for next year include Morris Levy, cooperative purchasing; L. Watt, horticultural projects; W. L. McAllister, poultry improvement; A. Trappe, viticultural project; Frank Knolle, septic tanks.

A donation of \$10 was made by the center to the anti-Japanese fund.

A motion prevailed directing a letter to be written to the U. S. Shipping Board asking it to make the rate on sacked products the same as on boxed fruits via the canal.

Motion pictures showing proper spray methods and the results of spraying and fertilizing proved most enlightening.

Views of agriculture in the Hawaiian Islands included scenes of poi making, coconut gathering, rice planting and other native activities.

NEWSPAPER "ETHICS" UN- MASKED

Forced to depend on outside advertising almost entirely, peeved at the success of the Index-Tribune and stung to the quick by the realization that he has laid down all of his cards and revealed his limited circulation, a disgruntled newspaper editor thinks to injure his rival by hurling fierce invectives, such as "circulation liar."

We will set up our newspaper ethics any time against the newspaper antics of the town knocker.

It is not a legal crime to call anyone a liar, but as a lawyer has cleverly expressed it, neither is it a crime for a rattlesnake to sting or a yellow cur to bite.

—Howdy?

John Pluth was a business visitor to San Francisco Wednesday. Tell us your electrical troubles. Electric Service and Battery Station. At Ford Garage, Sonoma.

RETURNED FROM EAST LAST-SUNDAY

W. L. Murphy, publisher of the Index-Tribune, arrived home Sunday after a four weeks visit in the East. He went direct to Washington, D. C., arriving there the middle of February. Mr. Murphy found the winter a very mild one and encountered but little snow while there or enroute home. Inauguration day in Washington was a day of fair weather and the immense throng of visitors stood out in front of the Capitol for the ceremonies without a bit of discomfort. The President's inauguration address was audible everywhere in the vast crowd, and made a profound impression as did the Chief Executive's personality and sincerity. After the big time was over, Mr. Murphy went in quest of souvenirs and managed to get a piece of a laurel wreath which had decked the rostrum on the Capital steps. In addition he brought home pictures and other souvenirs which were on sale.

In marked contrast to the joyousness of the inauguration was the sorrow which permeated the city when news spread about the Capital that Champ Clark, idolized leader and former Speaker of the House, had passed away. He died at the hotel where Mr. Murphy was a guest. Congressman Lea was at the bedside of the great politician just a short time before his passing.

Mr. Lea extended many courtesies to the Sonoma visitor including a pass to the gallery of the House of Representatives where he heard many fine debates on big questions of the day.

During his sojourn in Washington, Murphy and Jack Lawler who was also there, ascended the Washington monument 555 feet high, going up in the elevator and viewing the city and walking down to admire and note the many inscriptions of lodges and organizations on each landing.

A very interesting trip was taken by the visitor to Mt. Vernon, the historic estate of George Washington on the Potomac river with its many treasured relics and heirlooms. He brought home seeds of the honey locust trees from Mt. Vernon and will plant them on his place here.

One of the greatest treasures in Washington Mr. Murphy declares is the Congressional Library, the finest building of its kind in the world, filled with rare documents and records including the addresses of all the Presidents since Washington and the original commission from Queen Isabella of Spain to Christopher Columbus. The Surgeon General's library is also a very interesting place and Mr. Murphy spoke especially of the courtesies shown by Miss Mary Spiers, the librarian.

The publisher of the Index-Tribune left Washington the day after the inauguration going to Chicago and from there, by a two hour ride, to Belvidere, Illinois, where he had spent his boyhood. He found many of his former schoolmates, quite a few in politics, one in the county clerk's office and another running for the office of mayor of the city. He visited relatives of his father, Joseph Murphy, including the latter's sister, Mrs. Mary Ma Cross, 84 years of age. He also visited the cemetery and looked upon the monument erected to the memory of his father, who died in Belvidere many years ago.

Belvidere has been a great manufacturing city, but on account of the present industrial depression, the immense sewing machine factory, Goscard corset factory, Borden condensed milk plant and other big places are either entirely closed down, or are running but part time each week. He found all the Illinois farmers extremely prosperous and very much up to date.

After a two days' visit to the farm of his cousins, the A. J. Van Epps, the Californian boarded the Overland Limited for home. He was glad to get back to California and declares that it is the greatest and best empire in all of Uncle Sam's domain. Mr. Murphy passed through twenty-two states of the Union in his travels.

Gus Weyl, for years the accommodating employee of Sam Lewis, is again quite sick and may have to submit to a serious operation.

BOYES SPRINGS HAS NEW FIRE ENGINE

Chemical Arrived and Fire Department Was Feted at Glen Ellen and All Along the Line Saturday.

With flags flying and accompanied by a guard of honor made up of Sonoma's new fire engine and the "Little Red Devil" from Boyes Springs, the new chemical fire engine driven by Chief Geo. Cause, arrived here under its own power last Saturday and proved the chief's contention that it is the finest chemical of its kind on the coast. Mounted on a Reo chassis, handsomely and effectively equipped, it inspired confidence at once and called forth many compliments.

The Boyes Springs fire department was tendered a reception at the George O'Donnell home upon their arrival at Glen Ellen for the trial run, and at the nice banquet arranged by the ladies of Glen Ellen Mr. Cause was presented with a badge which he will always wear on account of its proud history. The badge was one which belonged to the first chief of the volunteer fire department of San Francisco many years ago. Cause will have it suitably enshrined.

On Sunday the new chemical gave an exhibition at Boyes Springs, answering a call for fire from Caliente, a mile away, in just three minutes. In 23 minutes' time the fire had been completely extinguished. The chemical throws a powerful stream and is equipped with three 45-gallon tanks. A new fire house was built at Boyes to accommodate the "Angel" and its chemical mate, the "Little Red Devil."

Sonoma valley now has a fleet of five engines, the Waterous combination pump and chemical in Sonoma and the two American La France chemicals at Boyes Springs.

Death of Beloved Child

Genevieve Vagbin, two year old daughter of Mr. and Mrs. W. T. Vagbin, passed away this week after an illness which culminated in pneumonia. The beloved child was laid to rest with great sorrow by the family.

Jim Small Celebrates St. Patrick's

Jim Small of Vinburg, veteran correspondent of the Index-Tribune, whose cheery paragraphs have long been a feature of this paper, was in town St. Patrick's Day en route to Bennett valley for a big dinner at the home of his sister, Mrs. Jas. Cowen.

Jim was all dolled up with his green necktie and says he would like to be appointed ambassador to Ireland.

HIGH SCHOOL NETS \$25 FOR EUROPEAN RELIEF

The baseball game put on by the Sonoma High School last Saturday for the starving children of Europe, relief fund netted \$25 for the good cause. The High School won the game by the score of 9 to 0.

—Howdy?

J. Milton Sobbe was up from San Francisco for the N. S. G. W. dance at Glen Ellen last Saturday. Milton was one "of the boys who went" and lost off arm when struck by shrapnel in the Argentine sector. He is prominent in the American Legion circles of the metropolis.

Olyo Maffei has been on crutches this week as a result of a corn which he took out with acid, and in removing it burned too deep.

Our prompt and efficient service will please you. Electric Service and Battery Station. At Ford Garage, Sonoma.

The Native Sons of Glen Ellen had a fine dance last Saturday night, which was enjoyed by all who attended it. The ravioli supper served by Mr. and Mrs. Panerazi was, as usual, a big favorite with the crowd.

Do you know why it's toasted

To seal in the delicious Burley tobacco flavor.

LUCKY STRIKE CIGARETTE

He American Cigarette Co.

JULIUS DRESEL BUYS OUT PARTNER IN YE ELECTRIC SHOP

Julius Dresel, of the firm of Martinson-Dresel of Ye Electric Shop, has purchased the interest of his partner in the business. Ye Electric Shop was founded by Mr. Martenson and is a prosperous concern. Mr. Dresel and a corps of competent electricians will continue to give good service to the patrons of Ye Electric. Mr. Martenson's plans for the future are not yet settled.

"OUT OF THE FOG" IS PLAY AT DQN FOR N. D. G. W. BENEFIT

The great film star, Nazimova, will be seen at the Don Theatre on April 13th and 14th in the play, "Out of the Fog," on the nights of the benefit arranged by the Native Daughters of the Golden West for the homeless children fund.

A big attendance is assured, as the Native Daughters are working earnestly for the worthy cause and the public is ever ready to aid in the splendid charity of the order.

WATER COMPANY ASKS PERMIT TO BOND FOR \$260,000

The Sonoma Valley Water, Light and Power Company has applied to the railroad commission for authority to purchase the Sonoma City Water Company, the Sonoma Vista Water Company and the O'Brien ranch. Permission is also sought to issue bonds against the combined properties to secure funds with which to construct a dam for the storage of water for both domestic and irrigation purposes. A bond issue of \$260,000 is said to be necessary to carry out the plans of the purchasing company.

R. E. Durham, accompanied by Col. R. E. Child and H. B. Colvin, irrigation experts and engineers, were in Sonoma yesterday going over the properties to be developed by the new company.

Eight hundred acres have been signed up for irrigation in this valley.

MARINES WILL PLAY SALT LAKE AT BOYES TOMORROW

The Salt Lake team, in training at Boyes Springs, walloped the Marines of Mars Island 13 to 0 in a spirited game at Vallejo Tuesday. Tomorrow (Sunday) the Marines are coming to Boyes for a return match. They will bring their celebrated band and there will be a big time and fine game.

Postmaster Who Believes in Service

Postmaster Emmet Mullen of El Verano believes in giving service to his patrons despite the new train schedule, which left El Verano without an evening S. P. train from San Francisco. So he now goes to El Verano on the N. W. P., a mile away, and receives a sack of mail every evening. This arrangement is a great convenience.

NEW BUILDING GOING ON SHOWS GREAT PROGRESS

Construction Work During the Early Months of 1921 Indicates Sonoma Valley's Prosperity.

Sonoma Valley is showing healthy growth and progress during the early months of 1921. Much building has been started and more is contemplated. The purchase of the Union livery stable by Al. Griffith and the demolition of the old structure were followed by the immediate erection, on this prominent Sonoma corner, of the frame for the immense new concrete garage, which will be able to house 200 machines. The work is going forward rapidly and the concrete will be poured very shortly.

Feed Store Is Building

The Sonoma Feed Store is making more improvements to take care of its constantly increasing business and has started the construction of Warehouse No. 2, near the Northwestern Pacific depot. The new building will be 30x10 feet and a substantial structure. Contractor Pete Basaglia is doing the cement work, including the installing of cement coal bins, etc.

Mr. E. T. Lindley, manager of the Croley company here, has made a proud record for the firm since coming to Sonoma and has built up a splendid business, whose expansion calls for the latest unit now in the course of construction.

Sebastian Building More Bungalows

To meet the need for more homes in Sonoma, Sam Sebastian is building more bungalows on his property east of town. Contractors R. E. Murphy and W. Van Dine are busy rushing forward the modern attractive houses which are but the beginning of more improvements in the Sebastian tract.

Improvements Up the Valley

Emmet Mullen, the progressive merchant of El Verano, is having an attractive addition, 10x75 feet, built on his store, which will provide a veranda and out-of-door ice cream and refreshment parlor. The new annex will be fitted up in an artistic and up-to-date manner and will be presided over by a charming young lady of the Valley of the Moon, who will dispense ice cold sodas and other soft beverages. Mr. Mullen built up a fine ice cream trade the past few seasons and is building the out-of-door refreshment parlor for the accommodation of his summer patrons.

Mrs. Schaeffer, the well-known resort proprietor, is having additional accommodations built for her guests at Boyes.

Contractor R. E. Murphy is making some handsome improvements on the home of Mrs. Klein at Boyes Springs, which will make it one of the most attractive bungalows in that section of the valley.

Jim Cowan of Bennett valley had an accident with his feed cutter last week, and as a result had to have one of his fingers amputated.

New Merchandise at Low Prices

Daily Arrivals of Fresh New Goods for Every Department

In our Dry Goods Department we have just received a large shipment of the very latest patterns in VOILES, ORGANDIES, GINGHAMS, JAPANESE CREPE and WHITE SERGE. Prices ranging, in Voiles, 40c to \$2.25 a yard; Gingham, 16c to 30c a yard; Percales, 20c a yard.

Sonoma, California, March 19, 1921

THE BRINGING of such splendid material to the Harding cabinet as will be furnished by Charles Evans Hughes gives the United States decided confidence in the ultimate decision of great questions involving us with Europe. Hughes, regarded as real presidential timber a few years ago is to have an important part in the new constructive era at Washington. It must be that he is ready for the great task of unseparating many mixups which could have been avoided perhaps if he had been able to carry out his original program as president of the nation. As a defeated candidate however, he was compelled to sit by and witness the cataclysm into which the country was plunged by the war and now comes the task of bringing into harmony many elements which seem almost irreconcilable. Perhaps it is because he has watched the trend of the country with an interested eye and decided opinion that he may be better able to unravel knotty problems and restore healthy relationships both domestic and foreign. The fact that he has consented to tackle the job should give high courage to every American. It shows that the country is not in such a bad way as many people think and that while Republicans will perform no miracles, they are satisfied that the world is not so topsy-turvy that it cannot be righted and eventually made to rest on a firm or firmer foundation than formerly. The spurt toward a millennium of world peace and workable world-wide democracy will be cut down no doubt to a point which will disgust extreme idealists, but the pruning will assure a healthier progress and stronger wood on which sane internationalism will eventually come into dependable bearing. It may not be in the time of Charles Evans Hughes or the Harding era, but if present day statesmanship lives up to the expectations of this generation, future ones will enjoy the fruits of their achievements.

SONOMA WITH OTHER California municipalities has gone on record against the Railroad Commission growing off more privileges hitherto vested in the cities and their elected officials. The opposition to franchises being the gift of the Railroad Commission rather than the people is well founded. Railroad Commissioners are political creations and do not know local conditions like the councilmen nor feel responsible to the people as naturally the latter feel. The people do not trust these commissioners either nor do they care to entrust them with any more business than they have to. To clothe them with more authority would be a sorry day for us all. There is altogether too much of a tendency to blot out state rights and from that an easy step to ignore municipal rights, centralizing present day authority to the danger point and drawing us all in to a vortex of extravagance.

THE CALIFORNIA LIBERATOR says dryly "For more than a year the thousand-throated voice of the discredited liquor traffic has shouted to this Nation, 'You cannot enforce your Prohibition Law on us; therefore it were better that you repeal the law, else by our defiance of it—and of you—all law will be brought into contempt.' We rise to remark that no less a personage than William Howard Taft, ex-president of the United States of America, gave voice to that sentiment and what he predicted has come to pass. The discredited liquor traffic is too busy making money on tax-free booze to shout. They just whisper and wax fat as the word is passed around in the still of the night."

THE SPEEDWAY IDEA for Sonoma County has been sharply criticized. Since we cannot control the taste for speed, why not cater to it and get some of the money spent by speed fans in other locations? Some of the reckless may grow calm in our salubrious climate, settle on our acreage and eventually quiet down into the rub of rural life. The speedway is not the only way but it is one way to attract people here.

RIGHT AT HOME where the merit of the newspaper is best known is where the Sonoma Index-Tribune has its greatest patronage. Local business men know what they are doing and the outside advertiser takes the tip. The Index-Tribune is proud of its advertising patronage because its advertisers are well satisfied, a constantly growing subscription list giving us an enviable circulation that brings results.

THE BUY IT AT HOME campaign has struck Santa Rosa. The Buy It In Sonoma idea has been consistently fostered by the Index-Tribune for many years. Making Sonoma a better, busier town is our hobby. We want the help of all our readers.

WHILE IT MAY BE true that the assessment on sheep has dropped from \$6 to \$3 per head, the assessment on "goats" has been raised. Perhaps you know that already.

IN TRYING TO route the highway just right in Sonoma Valley, let us not forget to root for it! Bah! bah!

ANNUAL REPORT 1920-21 IN WOMAN'S CLUB PROGRESS

Ten business meetings were held during the year. One business meeting failed through lack of a quorum. Ten social meetings were held. There has been one special meeting and three executive board meetings.

Seven names have been presented for membership and elected. One written resignation has been received and accepted.

In July the corresponding secretary moved away, and consequently sent in her resignation. Miss Stofen promptly filled the office the remainder of the year.

The following ladies have acted as hostesses during the year: Mrs. A. Bates, Mrs. Belle Green, Mrs. Sophy Lowell, Mrs. R. H. Ring, Mrs. Perle Hunter, Mrs. Wilma Ring, Mrs. Neil Dodge, Mrs. H. Hutton, Mrs. Rena Carlson, Mrs. Fred Helberg, Mrs. Clara Johnson.

The following ladies took charge of the programmes during the year: Miss Minnie Cooke, Mrs. J. Tait, Mrs. Evangeline Dodge, Mrs. C. Burlingame, Miss Stofen, Mrs. Leonora Foshetti, Miss Nettie McConchie, Miss Agnes Arnot, Mrs. G. Ordahl, Miss Mildred Burchard.

The club has joined the County Federation and kept its dues paid in the State and District Federation.

The affair of greatest importance during the year was the recovery and mounting of the old bell belonging to our old mission. Early in March the committee of long standing, Mrs. Hill and Mrs. Stofen, reported that Dr. Merritt had finally conceded to their off-repeated appeal and given them the bell. It was immediately transported to Sonoma by auto truck and hung in the arch in front of the mission. The same devoted ones then undertook the arrangements of proper exercises, and on June 5th, after an elaborate luncheon at the Union Hotel attended by fifty members and guests, the unveiling and presentation ceremonies took place. Dr. Merritt presented the bell formally to the club, Mrs. Emparan presented the bell to the state and Governor Stephens formally accepted the same. Mr. Weigel and Mr. Donald Green also spoke on historic matters and the Sonoma State Home band rendered patriotic music. Pretty souvenir bells, secured from Mrs. A. S. C. Forbes, were sold at this time and realized some cash for the club treasury.

Other affairs given to raise funds were a garden party in the grounds of Mrs. Denny on the afternoon and evening of September 28th, a dance at Boyes Springs theater in October, the sale of refreshments for one month during the Wilson's dances and a card party at the club house on January 28th.

In April the club was made happy by the placing of the long-wanted flag pole in front of the club house, the pole the gift of Mrs. B. F. Campbell, and an eight-foot flag bought out of the special fund raised by the sale of cake at the social meetings. This means of raising money proved so successful that in November a

similar fund was started for the purchase of much needed silverware, and quite a little sum has already been accumulated.

The club has also found time to take some notice of legislative matters, and the following resolutions were endorsed: One opposing the division of Sonoma county; another was sent to the county supervisors urging the purchase of state road bonds out of the county funds; another urged our senators at Washington to protect the National Parks from commercial exploitation; they were also advised of our favorable sentiments in regards to the establishment of a department of education in the cabinet, and our wish that the new immigration policy, as outlined in a bill before both houses, would be adopted.

Under the head of conservation we are doing good work through Miss Stofen being appointed local chairman of the "Save the Redwoods League." She has secured quite a few members for the league, and keeps its interests constantly before the club.

The activities of the club have not been all selfish; however, as they assisted the Business Men's Association in holding the Fourth of July celebration and turned over all their share of the funds raised toward the purchase of a new chemical fire engine for the town. Also, when Boyes Springs gave a benefit for another fire engine for the valley at large, the club had a home cooking booth and raised \$40 for that cause. In March a card party was given at the club house for the Jack London Memorial Fund, and \$30 was sent to the Glen Ellen Woman's Club. Little stockings were hung up at the December meeting to collect funds for war children's relief, and in February just past a benefit for starving Europe was given at the Don theater and the club's percentage of these shows, with the addition of some generous donations, reaching about \$100, were sent to the county chairman of this work.

In October a substantial gift was made to the Alice Fredericks Memorial Fund.

We have also had some gifts. In May, Mrs. Duhning presented a framed portrait of her mother, Mrs. Stearns, and a pretty framed picture of the mission was the gift of Mr. Al Stein.

Fifty ice cream plates were presented by Mrs. C. Carlson and Mrs. J. Tait. A water color painting from Mrs. De Place was also received.

Respectfully submitted,
CARRIE A. BURLINGAME,
Recording Secretary.

DR. FRANK PHILLIPS
WAS HERE SUNDAY

Coroner and Public Administrator Frank Phillips, who is one of the busiest officials in Sonoma county, his duties calling him to the farthest boundaries of the county every few days and his telephone summoning him for service at all hours of the day and night, found time last Sunday to drive over here, where he was greeted by his many friends. Doctor Phillips, as Public Administrator, has the handling of several big estates over this way at the present time. He aims to make his stewardship in all these matters one of proud record.

The American Tobacco Co.

Similar fund was started for the purchase of much needed silverware, and quite a little sum has already been accumulated.

The club has also found time to take some notice of legislative matters, and the following resolutions were endorsed: One opposing the division of Sonoma county; another was sent to the county supervisors urging the purchase of state road bonds out of the county funds; another urged our senators at Washington to protect the National Parks from commercial exploitation; they were also advised of our favorable sentiments in regards to the establishment of a department of education in the cabinet, and our wish that the new immigration policy, as outlined in a bill before both houses, would be adopted.

Under the head of conservation we are doing good work through Miss Stofen being appointed local chairman of the "Save the Redwoods League." She has secured quite a few members for the league, and keeps its interests constantly before the club.

The activities of the club have not been all selfish; however, as they assisted the Business Men's Association in holding the Fourth of July celebration and turned over all their share of the funds raised toward the purchase of a new chemical fire engine for the town. Also, when Boyes Springs gave a benefit for another fire engine for the valley at large, the club had a home cooking booth and raised \$40 for that cause. In March a card party was given at the club house for the Jack London Memorial Fund, and \$30 was sent to the Glen Ellen Woman's Club. Little stockings were hung up at the December meeting to collect funds for war children's relief, and in February just past a benefit for starving Europe was given at the Don theater and the club's percentage of these shows, with the addition of some generous donations, reaching about \$100, were sent to the county chairman of this work.

In October a substantial gift was made to the Alice Fredericks Memorial Fund.

We have also had some gifts. In May, Mrs. Duhning presented a framed portrait of her mother, Mrs. Stearns, and a pretty framed picture of the mission was the gift of Mr. Al Stein.

Fifty ice cream plates were presented by Mrs. C. Carlson and Mrs. J. Tait. A water color painting from Mrs. De Place was also received.

Respectfully submitted,
CARRIE A. BURLINGAME,
Recording Secretary.

DR. FRANK PHILLIPS
WAS HERE SUNDAY

Coroner and Public Administrator Frank Phillips, who is one of the busiest officials in Sonoma county, his duties calling him to the farthest boundaries of the county every few days and his telephone summoning him for service at all hours of the day and night, found time last Sunday to drive over here, where he was greeted by his many friends. Doctor Phillips, as Public Administrator, has the handling of several big estates over this way at the present time. He aims to make his stewardship in all these matters one of proud record.

DR. VAN AMRINGE ESTATE IS \$2205.11

Mrs. Mary F. Van Amringe of Geyersville petitioned the superior court Wednesday for issuance to her of letters of administration in the estate of her husband, David H. Van Amringe, a Geyersville dentist who died December 31, 1920.

Dr. Van Amringe left personal property totaling \$2205.11 in value, including \$255.11 on deposit in the Sonoma Valley Bank, and an \$1800 insurance policy.

The heirs at law are the widow and petitioner, and three children, John, aged 16; Henry, aged 14; and Myra, aged 11 years.

ESTATE OF LATE D. MODINI

Caroline Modini has filed a petition for letters of administration, with will annexed, in the estate of her husband, who left an estate consisting of realty valued at \$8,350, and personal property valued at \$1,350. She is the sole devisee and the executor named in the will have filed their renunciation of rights to serve.

AUTO TAKES WILD PLUNGE DOWN HILL

Rudy Lichtenberg's Auto Did Not Stand Without Hitching And Made Things Lively in San Francisco.

A driverless auto ran wild down the California street hill Monday— one of the steep grades in San Francisco—and partially or completely wrecked two other autos and a cable car before it was itself wrecked and stopped.

Nobody was injured. The machine belonged to Rudy Lichtenberg, a guest at the Fairmont, and was parked at the side of the hotel when the brakes, presumably, loosened.

In the first stage of the two-block dash the auto knocked off a water hydrant, creating a geyser in front of the Fairmont hotel, and in its second stage it sent a barrage of milk and milk bottles over California street.

The runaway machine started at Mason, broke the hydrant at Powell, struck a truck and milk wagon below Powell and crashed into a California street cable car at Stockton street, stoving in the front of the car and wrecking the auto. A block below, at Kearney, heavy traffic would have offered a good mark for the machine.

Mr. Lichtenberg is the widely known and genial proprietor of Boyes Springs.

GRAND MASTER OTTO SPINDLER VISITS MASONIC LODGE

Grand Master Otto Spindler, who is affiliated with one of the big lodges of F. & A. M. in San Francisco, paid an official visit to Sonoma lodge last Saturday night. He reviewed the work of the local Masons and complimented the officers. The local lodge, in turn, was pleased to receive the visit from Mr. Spindler, who, in his official capacity, demonstrated his thorough understanding of Masonry and fills his office with marked credit. A banquet followed the meeting.

LOCATING MISSING HEIRS A NEW SUCCESS WITH US

That the Index-Tribune advertising columns bring results there is no doubt among those who are patrons of this paper, and the publishers have long been proud of the fact, but now we have come into honors in a new field, for the Index-Tribune has discovered it can locate missing heirs, and readily. Last week we published an appeal from a Los Angeles attorney who was seeking information of the widow of the late Matthew McIntyre. Just a few hours after the Index-Tribune was off the press and delivered to subscribers two parties called up to say that they knew the family sought for. It remained for Mrs. Smith, mother of Mrs. Will Clewe, to throw definite light on the query. Mrs. Smith knew Mrs. McIntyre and that she was residing in Alameda. She wrote to the family, enclosing the clipping from the Sonoma Index-Tribune, and the editor wrote Attorney O'Brien of Los Angeles, putting him in possession of the information in regard to Mrs. McIntyre's whereabouts.

Publicity is a great thing when you strike the right vehicle.

Watnaugh School

The citizens of this district will hold a social and dance in the school house on the evening of March 19th. Ladies of the district will provide light refreshments. The cash received at this time will be paid on the furniture account.

GRAPES FROM EUROPE FOR DRY AMERICA

Local Grape Growers Told of Foreign Competition Which Confronts Wine Vineyardists. Protest Harris Act at Meeting Saturday.

A protest against the proposed bill now pending in the legislature, which would fix an arbitrary content of sugar in grapes has been made by the Sonoma county grape growers. Following the meeting of the Grape Growers' Exchange in Odd Fellows' hall Saturday afternoon, the protest was sent to Senator Herbert Slater and Assemblymen L. E. Fulwider and A. F. Stevens, calling upon them to work for the defeat of the measure.

This bill, known as the statutes as No. 914, and popularly as the Harris bill, would rule that no wine grapes containing less than 17 per cent of sugar may be shipped out of the state. The growers hold that this would mean the death of a legitimate business at this time, as they have not as yet been granted a sufficient period in which to transfer their vineyards to other forms of grapes.

Sonoma county grape growers were also informed by the president of the Growers' Exchange, E. M. Sheehan, that in addition to the eastern growers, California vineyardists would this year find themselves competing with the vineyardists of Spain, France and Italy.

According to Sheehan, representatives of these foreign nations are now in the large eastern cities attempting to get buyers there to sign contracts. Sheehan stated that a real danger existed in view of the fact that while these foreign vineyardists could bring their grapes to the east for about \$100 a ton, it will cost Californians, because of the expensive freight and refrigerator rates, at least \$200 a ton to market their crops in the east.

A close organization of western growers and a co-operative system of shipping and marketing, it is said, is the only manner in which the westerners can co-operate with the foreign trade.

Sheehan said, speaking of the growth of the growers' exchange, that a great many more members had been added, and that the acreage increase under control of the growers for this coming season would be large.

Meetings are being held in every portion of the country, bringing action against the proposed grape bill, the intrusion of foreign vineyardists and organizing more of the growers. —Santa Rosa Press Democrat.

EXPECT 25,000 PERSONS AT U. C. FARM PICNIC DAY

Anticipating an attendance of 25,000 persons at the thirtieth annual University of California Farm picnic day, April 25 at Davis, the committee in charge of the event has begun preparations for the best annual picnic day in history.

As part of the big program planned by the students and faculty of the University Farm to show the people of California what their State University is doing the following features have been announced:

1. Inspection of the University Farm, with its 1080 acres, by the general public.
2. Personal tour of the various departments of the University Farm, guided by instructors and investigators.
3. Live stock parade.
4. Stock judging and stock fitting contest, with prizes for the winners.
5. Athletic program, with high class exhibition of sporting contests.
6. Spectacular and unique circus.
7. Two dances, operated by jazz bands par excellence.
8. Free coffee served to those with their own lunches.
9. Games and amusements for the children.

Established in 1905 for the primary purpose of working out in practice the theories evolved in the research laboratories at the College of Agriculture in Berkeley, the University of California Farm in sixteen years has enlarged its scope, so that now it has a student population of over 400. Dean H. E. Van Norman said today: "We invite the people of California, city folks as well as country folks, to visit us on April 23, and learn of the highly valuable and practical work being done at the University of California Farm."

NATIVE DAUGHTERS HAD OFFICIAL VISITOR MONDAY

Work of Parlor Reviewed and Two New Candidates Initiated. Gala Time Followed

Sonoma Parlor of Native Daughters received an official visit from Grand President Bertha A. Briggs of Hollister last Monday night and about 75 members and guests gathered for this brilliant evening in local fraternal circles. Past Grand President Margaret Grote Hill and Native Daughters affiliated with Santa Rosa, San Rafael and San Francisco Parlors were present.

In addition to the official visit the evening was the occasion of the initiation of two new members, Miss Madeline Sutor and Miss Ida Brazil. The social festivities followed the splendid meeting and were greatly enjoyed and the gifts of beautiful hand work presented to the grand officers, much appreciated. A banquet concluded the evening, the tables being beautifully decorated in Spring blossoms and the banquet committee providing a delicious repast. The committee was composed of the following: Mrs. Al Stein, Mrs. Tony Coreghino, Mrs. Garry Bertoli, Miss Dorella Breitenbach and Mrs. Walter Stuermer.

A nine pound and a half son was born to Mr. and Mrs. Pete Norrbom this week. Mrs. Norrbom was formerly Mrs. May Erlebach, prominent in fraternal circles. Mr. Norrbom is the well-known contracting plasterer. Mrs. M. Gilbert has been ill with a severe cold at her home at Buena Vista.

HE KNOWS The Man Who Receives Mr. Grower: Read—Realize—Act Order Now—Insist On "CARO" FRUIT WRAPPERS

American Sales Agencies Co., San Francisco, Calif.

Read these letters—We have many

John E. Schintz, Wholesale Commission Merchant, of Buffalo, N. Y., says: "In my opinion this wrapper 'Caro' should be adopted as soon as possible by all interested in the fruit and produce industry."

Robt. T. Cochran & Co., Commission Merchants of New York City, say: "You certainly may have our endorsement of 'Caro' fruit wrappers, not alone on the merit of the wrappers which improve the appearance of the pack in a wonderful degree, but also on the efforts you people are making to encourage the best endeavors of the particular grower."

"In our judgment substantial returns will follow as general recognition is obtained."

Fox & Godding, Carol Distributors, of Chicago, Ill., say:

"Replying to your inquiry as to the fruit arriving packed with different kinds of paper, we state the 'Caro' chemically treated fruit wrappers are the best we have seen."

"Hope the growers of the Pacific Coast will use 'Caro' instead of the heavy plain paper."

A. Levy & J. Zentner Co., Fruit and Produce, Receivers, Distributors and Jobbers of San Francisco, Calif., say:

"We need 'Caro' wrappers in our repacking room for several years past, as we know it makes a much more attractive package than the ordinary Wrapper, carries the fruit better and aids in the sale."

R. Dastwyler & Company of Philadelphia, Pa., Carol Distributors of Fruit and Produce, representing many large growers and associations from the Atlantic to the Pacific Coast, say:

"The better appearance of fruit in your wrappers is of itself a benefit, assuring sale at higher prices. The positive better keeping and carrying quality of fruit wrapped in 'Caro' fruit wrappers should induce every grower, and packer to use 'Caro' fruit wrappers exclusively."

R. F. Mayer, Sales Agent, Fruit and Produce, Member Western Fruit Jobbers Assn., New Orleans, La., says:

"'Caro' wrapped fruit is arriving in splendid condition, and owing to the transparency and nature of the wrapper, the fruit is shown off to the best advantage. As soon as the merits of 'Caro' have become generally recognized, increased returns to the growers will follow."

Condition the Breeders— Get Big Hatches

Eggs that are highly fertile and hatch chicks that are strong and grow, come only from strong, healthy, vigorous breeding flocks. It's time now to get your birds in perfect breeding condition by giving them

Pratts Poultry Regulator

For nearly fifty years America's greatest poultry tonic and conditioner. When leading successful breeders like Mr. John S. Martin—and a host of others—use and endorse Pratts Poultry Regulator, you may be sure it does its work well. It does make hens lay—it does improve fertility and hatchability. Try it this season—start now. And—

Ford THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3½-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

SHERIFF BOYES WAS IN TOWN SATURDAY
Sheriff John Boyes was down from Santa Rosa last Saturday conferring with his deputy, J. F. Ryan and after looking over the Sonoma Valley, declared that everything was in ship-shape down this way. He paid his deputy a nice compliment and said he thought that burglars and their ilk shied off from Sonoma Valley because of Joe's reputation for bringing 'em back.
Sheriff Boyes has called forth the highest commendation since he succeeded to the office at the tragic death of James A. Petray. He keeps in close touch with conditions all over the county and is as conscientious and keen official as Sonoma county ever had.
—Howdy?
Golden Gate Ferry Progress
Great progress in the development of the plans of the Golden Gate Ferry Company is reported by Harry E. Spens, president of the company. Stock is now on sale in Marin county and a very favorable response is being shown. Many citizens are buying stock for several reasons, but the three chief ones which are usually given as reasons for the purchase of stock are the great developing value of the new ferry to the country, the increase in personal convenience and the soundness of the investment.
The Bellevue hotel at El Verano is to be reopened by J. B. Minney of Napa. It is owned by San Francisco parties.
Mr. and Mrs. E. D. Arbogast, who formerly resided here, have taken up their permanent residence in San Francisco, where they have purchased flats in a nice residence section of that city.
NOTICE
My wife having left my bed and board, I will not be responsible for any debts contracted by her after March 1, 1921.

WORLD WAR VETERAN FIGHTS FOR BETTER ROADS
Oscar Studley, who was overseas and fought for two years in the world war, is now fighting for better roads in Sonoma valley, particularly in the vicinity of his ranch, which he discovered was a railroad right of way and should be fixed by the company. The road is in a deplorable condition and so impassable that the mail route there may be discontinued. Studley and R. H. Ring found the record showing it was up to the N. W. P. railroad to keep it in repair. The road has been sadly neglected, the Studley family declaring that there has not been six yards of gravel put on the piece in eleven years.
The stalwart soldier is in the fight for better roads to stay and says no camouflage will do. He has been to Santa Rosa to interview the District Attorney's office and to urge action.
We do house wiring.
Electric Service and Battery Station. At Ford Garage, Sonoma.
Card of Thanks
We wish to thank the friends and neighbors who so kindly aided us in the hour of our sorrow, the loss of our beloved little one. For kind words of sympathy and beautiful flowers we are most grateful.
MR. and MRS. W. T. VAUGHN AND FAMILY
Miss Mildred Burchard of the grammar school faculty has been confined to her home on Broadway with a serious illness. Dr. Thomson has been in attendance.
Notice of Dissolution
Notice is hereby given that the partnership heretofore existing between the undersigned in the Stuermer and Harrison Pool Room and cigar stand on Napa street in the City of Sonoma, is dissolved. Mr. Stuermer having purchased the entire interest in said business. All debts contracted by said partnership to date will be paid by Mr. Stuermer and all debts due said partnership collected by him.
Dated Sonoma, March 10th, 1921.
Signed
Walter C. Stuermer W. R. Harrison

NEW RECORDS FOR JANUARY IN DAIRY COW COMPETITION
Highest records for January in the state dairy cow competition were made by a pure-bred Jersey, "Lady Kate's Rosette," owned by D. F. Coanant of Modesto, according to a report issued by Professor F. W. Woll of the University of California. The record was 1714 pounds of milk, 101.27 pounds butter fat, average test 59.1 percent. The average was 1275 pounds of milk and 53.8 pounds butter fat. Five cows produced between 90 and 100 pounds of butter fat during the month, 12 between 80 and 90, and 17 between 70 and 80.
Initiation Followed by Dance
The Eastern Star initiated Mr. and Mrs. Fred Rubke Thursday night, and after the meeting there was a banquet and dancing.
—Howdy?
J. D. Halstead, Sonoma valley rancher, was married this week to a San Francisco lady who has had training in medicine and nursing. They will reside here.
Mrs. Gale's mother, who is here from Grand Rapids, Michigan, has been ill with the shingles at the home of her daughter in El Verano. She plans to return East later in the spring.
Mr. and Mrs. Otto von Gelden of San Francisco were here Sunday of last week. They may take a furnished house for the summer. The well-known civil engineer and his wife are former residents of Sonoma and have a host of friends here.
Chas. Kelly, of the U. S. Custom House, and Jack Kelly, of the Superior Oil Burner Company, San Francisco, visited their sister, Miss Mayne Kelly, at Boyes Springs, Sunday.
Mrs. Ralph Buchan, bride of the young navy man of Pearl Harbor, Hawaii, is expected here for a visit in June. She is going to Iowa to visit her folks and will stop off to meet her husband's people here.

VINEBURG NEWS
Louis Rouquie of Vallejo was the guest of his family the week end.
Miss Mary Batto is visiting friends and relatives in San Francisco.
Howard Knight and Dick Watt, two of Schellville's leading citizens, transacted business in this vicinity this week.
The largest daily shipment of eggs this season, up to date, left Batto's warehouse on Saturday last, the amount being 1800 dozen eggs.
Minnie Madden says she don't know whether Jim Small is getting ready for St. Patrick's Day, but she thinks he is.
The election for trustees for the Huichies school district will be held on Friday, March 25th, and Miss Olive Oliver, who is well posted on educational matters, informs us that two of the present board, Messrs. Enrico Forni and Gus Rouquie, are now aspirants for trustees for the Sonoma Valley Union High School. Both gentlemen are fully qualified for the positions, as their past records will show, and should be a valuable acquisition to any educational board.
There was a move in dried fruit in this section this week, and on Tuesday two carloads were shipped, one from Vineburg and one from Batto's spur.
Fred Batto and Chas. McDevitt were visitors in the metropolis of the Pacific on Wednesday last.
—Howdy?
Mrs. Zachary of Ukiah, who had been down at the St. Helena sanitarium for her health, came over to make a visit at the home of Mrs. Rachael Snyder on her way home. She returned to Ukiah considerably improved in health.
"Anderson" Auto Supplies, Vineburg
CERTIFICATE OF PARTNERSHIP
Fictitious Name
We, the undersigned, do hereby certify that we are partners transacting a general garage business in the City of Sonoma, County of Sonoma, State of California, under a fictitious name, or a designation not showing the names of the persons interested as partners in such business.
The name under which we are doing business is the "B & G Garage," and our principal place of business is situated on the Corner of Napa Street and First Street West, in the City of Sonoma, County of Sonoma, State of California.
The names of the partners and their places of residence are as follows:
Peter A. Boccoli, Sonoma, California.
S. A. Griffith, Sonoma, California.
IN WITNESS WHEREOF we have hereunto set our hands and seals, in the City of Sonoma, County of Sonoma, State of California, this 21st day of February, 1921.
PETER A. BOCCOLI,
S. A. GRIFFITH,
State of California, County of Sonoma, ss.
On this 21st day of February, in the year one thousand nine hundred and twenty-one, before me, JOSEPH L. SMALL, a Notary Public in and for the County of Sonoma, personally appeared Peter A. Boccoli and S. A. Griffith, known to me to be the persons whose names are subscribed to the within instrument, and they duly acknowledged to me that they executed the same.
IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, at my office in the County of Sonoma, the day and year on this certificate first above written.
JOSEPH L. SMALL,
Notary Public in and for the County of Sonoma, State of California.
NOTICE TO CREDITORS
ESTATE OF JULIA ANN BURRIS, DECEASED.
Notice is hereby given by the undersigned, Jesse Burris, Executor of the last will of Julia Ann Burris, deceased, to the creditors of, and all persons having claims against the said deceased, to file them with the necessary vouchers within ten months after the first publication of this notice, in the office of the Clerk of the Superior Court of the State of California, in and for the County of Sonoma, or to exhibit them with the necessary vouchers within ten months after the first publication of this notice to the said Executor, at the law office of J. R. Leppo, Bank of Italy Building, Santa Rosa, Sonoma County, California, the same being the place for the transaction of the business of said estate in the County of Sonoma, State of California.
JESSE BURRIS,
Executor of the last will of Julia Ann Burris, deceased.
Dated at Santa Rosa, Cal., March 1, 1921.
J. R. LEPPU,
Attorney for said Executor.
Date of first publication, March 5, 1921.
